BLOOD RULE

If at any time blood is seen on the body of a player the umpire will stop the game. The wound must be cleaned and/or covered before the injured player is allowed to resume play.

If the uniform has blood, the player must remove that article of clothing and exchange it with another or clean it thoroughly with water.

Should the umpire feel that it would take too long to take care of the situation at hand, a substitute may report for the injured player without using the re-entry rule.

POLICY FOR SEVERE WEATHER CONDITIONS

The Town of Normal Parks and Recreation Department has established the following policy for softball leagues taking place when severe or tornado weather is in the area.

If during the time a game is underway, the Civil Defense Tornado warning sirens are activated, all games will be immediately cancelled for the remainder of the evening.

If these same sirens are sounded within one hour of the beginning of league play, all league games for that evening are cancelled.
