NEW
LEARN TO SWIM

Offered for children 3 years of age and up (the child must have turned 3 by the first day of class). Children must feel comfortable being in the water without a parent to be enrolled in this class. The station method is utilized to progress students through seven swim levels.

ADVANCEMENT
If a student is able to pass the skills test for a particular level, he/she will move on to the next level. Students may pass to the next station any time during the first half of the session. If a student completes the skills test during the second half of a session, he/she will remain in the same class but will begin working on skills for the next level. Because not all students progress at the same pace, it may take a child more than one session to pass a skill level.

COMBINED CLASSES
Due to low enrollment in some levels, it is sometimes necessary to utilize one Instructor to teach more than one level.

PARENT DAY
To keep parents informed of their child's progress in the lesson program, parents are invited to parent's day on the fourth day of the program. At this time, parents may pass to the next station any time during the first half of the session. Parents may get an up-close and personal look at their child's progress from the pool edge. Parents are also encouraged to ask the Instructor questions at this time. During all other class times, we ask that the parent's day on the fourth day of the program.

TESTING DAY
Participants must attend Testing Day. Participants will get in the water for 5-10 minutes, with an Instructor, to determine their level of skill. Lesson Coordinators will use the information gathered from testing to place lesson participants into classes. Tot Spot, Private and Teen/Adult participants DO NOT need to attend testing day.

Please attend testing day at the location where your swimmer's class will take place.

LEARN TO SWIM
Ages 3-15
CHILDREN MUST BE AT LEAST 3 YEARS OF AGE BY THE FIRST DAY OF CLASS and must be comfortable in the water without a parent to register for these classes. Children are REQUIRED to ATTEND THE TESTING DAY corresponding with the first session they are registered for.

JEFF ELLIS & ASSOCIATES’ INTERNATIONAL LIFEGUARD TRAINING PROGRAM
Ages 15+
On the cutting edge of aquatic safety, Ellis & Associates offers the most comprehensive lifeguard training program available. Participants will learn the water rescue, CPR, AED and First Aid skills required to be a lifeguard. Potential lifeguards for the summer may be selected from these classes. Although 15-year-olds may take this course, they will not be eligible for employment as a lifeguard with Normal Parks and Recreation.

Participants must pass a swimming/skills test on the first day to continue in the class. Participants must be able to swim 200 yards (8 lengths) continuously, tread water for two minutes (without using their hands) and retrieve a diving brick (approximately 10 lbs.) from the bottom of the 12 foot pool. An online e-learning course must be fully completed by the participant before the first day of class. Participants must provide their personal email address upon registration and will receive an email invitation with log-in instructions for the e-learning approximately 3-4 weeks before their class date. It will not be sent automatically upon registration. Participants will be emailed a more detailed schedule prior to class starting.

NOTE: This lifeguard class is for certification purposes only. Passing this class does not guarantee a position at any aquatic facility.

THESE ARE THE ONLY CLASSES OFFERED BEFORE THE SUMMER 2020 SEASON BEGINS.

WINTER & SPRING 2019-2020
BEFORE AND AFTER SCHOOL RECREATION PROGRAM
Grades K-5

Are you looking for a program full of recreational activities for your student before and after school? Normal Parks and Recreation offers a Before and After School Recreation Program (BSRP/ASRP) for the 2019-20 school year. The program will be offered at eight local Unit 5 Elementary School sites. BSRP is offered from 6:45-7:30am (scheduled late start days are included). The Late Start Day only Program (LSDP) is offered from 6:45-8:30am on scheduled Unit 5 Late Start Days (see Unit 5 calendar for these dates). ASRP is offered from 2:30-5:30pm.

The program is designed to provide students with recreational, educational, and social opportunities in a safe environment. Students enjoy playground and gym time, recreation activities, games, crafts, and have the opportunity to start on homework. A light snack is offered during both BSRP/ASRP.

PLEASE NOTE: BSRP will not meet on days that Unit 5 has a weather-related Late Start Day due to inclement weather.

REGISTRATION INFORMATION
Registration for remaining openings in session 2 are currently taking place at the Normal Parks and Recreation Department Office. Registration for sessions 3 and 4 will also take place at the Normal Parks and Recreation Office.

CURRENT PARTICIPANT
Current participants must complete re-enrollment forms and submit them to the Normal Parks and Recreation Office during the indicated registration weeks in order to retain their space in the program. Current participants have one week to re-enroll. There will be no exceptions. A lottery system was used to complete initial enrollment for the 1st and 2nd sessions of the 2019-20 school year. We will continue to use a lottery system for any subsequent openings in sessions 3 and 4.

NEW PARTICIPANT
New participants must submit forms each session to be a part of the lottery for any open spaces in the program. If a new participant enters a form for the lottery, but doesn’t get into the program, he/she will go on a waiting list for that session only. If openings become available, the waitlist family will be notified. Registration form deadlines and lottery dates for each nine week session are listed on the following pages. Any registration forms that are turned in after the deadline will be processed after the lottery, and only if openings are available.

Note: Registration for BSRP/ASRP is not available online.

If there are questions or concerns you may call our office at (309) 454-9540.

NORMAL CELEBRATES 20 YEARS

The Town of Normal has been designated a Tree City USA Community by the National Arbor Day Foundation for the past 20 years. Town Founder Jesse Fell was an enthusiastic arborist who was known for planting trees around the community. Some of these trees remain today, providing residents with a multi-generational symbol of a vibrant urban forest.

Trees help our residents feel good about the place they live and work. The trees in our community enhance wildlife habitat, clean the water and air, provide shade and beauty, and reduce energy costs.

The Town of Normal will celebrate Arbor Day on April 24th, a special day set aside throughout the world to raise awareness of the important role trees play in our environment. An official Arbor Day proclamation by the Mayor of Normal demonstrates the support of our public officials to the benefits of our community trees and the work accomplished to plant and maintain them.

Have questions regarding the Town’s Urban Forestry Management programs, including the Living Tribute Program, Children & Elders Forest, or the Resident Tree Planting Program?
